Anesthesia Pain Care Annual Senior Invitational Charity Golf Tournament a Success, Raises Record Funds for World Institute of Pain's Mission to Alleviate Chronic Pain Globally

5/18/16

Once again, the **Anesthesia Pain Care Senior Invitational Golf Tournament** hit a hole-in-one! The annual charity fundraiser attracted great golfers and raised another \$20,000 to support the outstanding efforts of the World Institute of Pain (WIP) Foundation.

The beautiful TPC Eagle Trace Golf Club was the site of the tournament that featured a variety of top Senior Tour professionals, including Marco Dawson and Danny Edwards. The Sunbelt Senior Tour's commitment to Coral Springs has made this event a highly anticipated tournament. It took months of effort that all paid off as the event dawned on a beautiful day, with great golfing, sit-down banquet, silent auction, raffle drawings and more. Anesthesia Pain Care Consultants was the Platinum Pro-Am Sponsor.

The WIP Foundation is a charitable organization that strives to end the suffering of chronic pain throughout the world, targeting the least developed and emerging countries. APCC's own Dr. Ira Fox is the WIP's first chairperson of its Committee on Project Development.
