Anesthesia Pain Care Consultants Opens Office in Boca Raton
Top South Florida Interventional Pain Management Practice Expands

BOCA RATON, Fla. – Anesthesia Pain Care Consultants (APCC) announced that it is opening an office in Boca Raton. Based in Tamarac, APCC has built a reputation for excellence and success in relieving pain.

The new office is located at 1401 NW 9th Ave., Boca Raton, FL 33486.

“By opening in Boca Raton, we will be able to expand our reach and better serve our patients in Southern Palm Beach County,” said Dr. Ira Fox, MD, DABPM, FIPP, ABIPP, who founded the practice in 1996. “We look forward to working with patients in the Boca Raton area, and giving them a new lease on life by reducing or eliminating their pain.”

Dr. Fox and his associate, Dr. Cuneyt Ozaktay, will be present in the Boca location and will begin seeing patients on January 14, 2015. Dr. Fox co-founded the practice and has more than 25 years of experience treating patients with acute and chronic pain. He maintains the following board certifications: American Board of Interventional Pain Physicians (ABIPP); World Institute of Pain - Fellow of Interventional Pain Practice (FIPP); American Board of Pain Medicine; and the American Board of Anesthesiology with added certification in Pain Management. Dr. Fox serves as an examiner for the FIPP Board Certification, and is on the executive board for the World Institute of Pain.

Dr. Ozaktay joined the practice in 2008 and was named Pain Awareness Ambassador. He is a member of numerous organizations including the American Pain Society, American Academy of Pain Medicine and the American Society of Anesthesiologists. He has done extensive research on pain management been published in several orthopedic and neuroscience medical journals. Dr. Ozaktay is a noted lecturer, and has held various teaching appointments throughout his career.

Anesthesia Pain Care Consultants recently hosted the Second Annual Latin American Conference for pain physicians. Doctors from throughout Central and South America convened in Miami to learn advanced interventional pain management procedures and techniques. The conference was held at the Miami Anatomical Research Center. In addition, the practice also hosted its 17th Annual Pain Symposium. More than 150 professionals registered for this important seminar and workshop on combating and managing pain.
