## About Our Charity

# WIP Global Outreach Fund

The primary goal of WIP is the education, training, and certification of pain physicians.

Directed donations to WIP are used to benefit physicians and their patients in under-developed and developing countries.

Disparities among countries that are less economically developed necessitate unique alliances with individuals and groups to create opportunities for pain physicians in those countries to receive the best education and training in order to make a real impact on patient care delivery and outcomes management.

*No matter the size and number, ...we will be able to offer a near standard of pain care to large volumes of patients with chronic pain conditions in this part of the world where requisite health facilities are absent due to serious government failure,"* said Dr. Zakari Suleiman, of Nigeria regarding a donation of equipment and materials.

### WIP World Congress scholarship and gift membership recipient

**Dr. Nanuli Ninashvili, MD**

Assistant Professor, Tbilisi State Medical University - Public Health Department

*Engaged in research at National Cancer Center and Palliative Care Clinic of Cancer Prevention – evidence shows serious gap in pain management knowledge...*

Georgia is a tiny, former-Soviet state where poverty is endemic; currently a member of the United Nations and a USAID Country Development program beneficiary. In 2005, average monthly income was equivalent to \$200 USD.
